EDUCATION

ANNA UNIVERSITY BIT CAMPUS

Master of Computer Application - 2025

JJ COLLEGE OF ARTS AND SCIENCE

Bachelor of Computer Application - 2023

SKILLS

LANGUAGES

Advanced: HTML, CSS
Intermediate: JavaScript, Java

FRAMEWORKS / LIBRARIES

React.js, Express.js, Bootstrap, Tailwind CSS, Chakra UI

TOOLS / TECHNOLOGIES

Node.js, MongoDB, GitHub, REST APIs, Hugging Face

SOFT SKILLS

Teamwork and Collaboration, Communication, Creativity and Innovation

COURSEWORK

Web Design
Cryptocurrency and Blockchain Technology
Wireless Networks
Internet of Things

CERTIFICATIONS

MERN Stack Development
Provider: NoviTech

AI Boot Camp
Provider: NoviTech

LANGUAGES

Tamil, English

EXPERIENCE

BY8LABS |Intern

Nov 2024 – May 2025

- Led the design and implementation process for multiple dynamic web applications using the MERN stack for various projects.
- Optimized web applications built with the MERN stack for performance and responsiveness across devices.
- Tech Stack: **HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, React.JS**

PROJECTS

NEXUS ARTIFICIAL INTELLIGENCE | Main Project

Jan 2025 – May 2025

- Developed a web-based platform that integrates multiple AI modules including prompt-based image generation, chatbot interaction, using React for frontend, Node.js for backend API handling, and Firebase for authentication, storage, and real-time database.
- Designed to bridge the educational gap by providing a seamless learning and evaluation platform for students and teachers.
- Technology Used: **Frontend: ReactJS, Tailwind CSS, Chakra UI, Backend: Node.js, Express.js, Authentication and Database: Firebase Authentication, Firestore Database, Cloud Storage: Firebase Storage**

REMOTE VILLAGE APPLICATION | Main Project

Aug 2024 – Feb 2025

- Developed a web application to provide students in remote villages..
- Improved digital literacy and connectivity, empowering rural communities.
- Designed to bridge the educational gap by providing a seamless learning and evaluation platform for students and teachers.
- Used: **MERN Stack**

ACHIEVEMENTS

TECHNICAL EXCELLENCE

- Developed multiple full-stack projects using the MERN stack, including an AI-based image generator.
- Gained practical experience in frontend (React.js) and backend (Node.js, Express) through hands-on development.
- Enhanced problem-solving and coding skills by regularly working on real-world projects and challenges.
