Objective

Motivated MCA graduate with hands-on experience in software development and client support. Passionate about providing efficient technical solutions, conducting demos, and ensuring customer satisfaction. Seeking a **Technical Support Engineer** role to apply my technical expertise, communication skills, and problem-solving ability in a dynamic, client-focused environment.

Skills

Technical Skills:

- Platforms & Tools: Windows, Linux, Jira, Freshdesk, MS Office
- Programming & Web: HTML, CSS, JavaScript, React.js, Node.js, MongoDB
- Support Tools: Ticketing Systems, Remote Desktop, Live Chat, Email & Call-based Support
- Networking & Troubleshooting: Basic network setup, connectivity diagnostics, system configuration

Soft Skills:

- Strong written and spoken English
- Client communication & interpersonal skills
- Analytical and problem-solving ability
- Quick learner and adaptable to new technologies
- Time management and teamwork

Work Experience

By8Labs, Pudukkottai Dec 2024 – May 2025
Full-Stack Developer Intern

- Collaborated with clients and internal teams to develop and support web applications.
- Provided technical assistance during demos, testing, and client onboarding sessions.
- Handled requirement gathering and implemented customer feedback effectively.
- Assisted in debugging and troubleshooting user-reported issues to ensure system reliability.
- **Tech Stack:** React.js, Node.js, MongoDB, JavaScript, Tailwind CSS

Project Work

Remote Village Education App Jan 2025
Education platform for remote learning

- Designed and developed an app providing educational materials and online assessments for rural students.
- Interacted with users to resolve usability issues and improve app accessibility.
- Conducted demo sessions and provided remote support for teachers and students.
- **Tech Stack:** React.js, Node.js, MongoDB, Bootstrap, Tailwind CSS

Nexus Artificial Intelligence Apr 2025
AI platform with chat & image generation

- Built and deployed an AI-driven platform integrating chatbot and image generation modules.
- Assisted users with onboarding, troubleshooting, and usage guidance during testing.
- Conducted prototype demos for non-technical audiences, ensuring clear communication.
- **Tech Stack:** React.js, Node.js, MongoDB, Firebase, Hugging Face APIs

Education

Anna University, BIT Campus Tiruchirappalli Aug 2023 – Jul 2025
MCA - Computer Applications

JJ College of Arts and Science, Pudukkottai Aug 2020 – May 2023
BCA - Computer Applications

Additional Information

- Flexible to work **night shifts** and relocate if required.
- Excellent in English communication and customer interaction.
- Interested in client support, training, and post-deployment assistance.
- Eager to learn and grow in a **technical support environment**.
